

### *APS and Al-Ghalbi Join Forces in Oman*

On Wednesday the 24th of January, a Strategic Partnership Agreement was signed between U.A.E based Anticorrosion Protective Systems (APS) and Oman based Al-Ghalbi International.

Al Ghalbi International, is a growing engineering and contracting company, providing mechanical, civil construction & maintenance services, to the oil and gas industry in Oman, with an extensive track record in the region.

Established in 1978, APS is a provider of engineering, application and installation of specialized protective systems to the oil, gas, power and utility sectors, through its coatings & linings and pipeline rehabilitation service offerings.

This new cooperation will provide APS with an increased exposure to Al Ghalbi's established client network and the opportunity to utilize Al Ghalbi's existing operational infrastructure in Oman. For Al Ghalbi, the cooperation offers a broadening of specialized corrosion services and pipe lining solutions, thereby substantially enhancing Al Ghalbi's capability to serve its ever expanding customer base in Oman.

Both companies acknowledge that this collaboration coincides with their strategic plans, by further strengthening its presence in Oman and expansion into markets of growing importance, in the oil and gas industry.
